Vol. 5 No. 5 February 4, 1960. A Playford, Publisher Box 120, Drayton Valley.

The presentation of flags is being made to Drayton Valley Lions Club President Don McKenzie, by District Governor Lion Paul Guenette, 84 flags are in the standard, representing every country in which Lionsism is found. Drayton Valley received the award for the largest percentage increase in club membership in 1959.

In the picture, left to right is Drayton Valley Club Director Lion Keith Peterson, Director Lion Clarence Hillier, Lion Guenette, Lion McKenzie and Past President of the Drayton Valley Lions Dunc Larbalastier.

LIONS CHARTER NIGHT BANQUET

The Second Annual Charter Night for Drayton Valley Lions Club was held in the Cardium Room on Saturday evening, January 30th, commencing at 6:30. Right from the beginning the evening got off to a good start, with members enjoying chairs and renewing acquaintanceships before dinner.

The dinner consisted of half fried chicken, preceded by tomato juice and a fruit cocktail. Seated at the head table were Lion President Don McKenzie and Mrs. McKenzie, Past President and Zone Chairman Dunc Larbalastier and Mrs. Larbalastier, Lion Padre, Father Scriven, Master of Ceremonies Lion Carman Fairman and Mrs. Fairman, His Worship Mayor Arden Meier and Mrs. Meier, Club Historian Lion Ron Carter and Mrs. Carter, Lion District Governor Lion Paul Guenette and Mrs. Guenette, Secretary Lion Al Miles, Rotary Club President Howard Pickup and Mrs. Pickup and Lion Bruce Aubrey of Ladoc Club. Lion Aubrey was Master of Ceremonies at the time the Drayton Valley Club was chartered, in January, 1958. The ban at that time, there has been a large number of transfers since then, so that there are now 33 of the original charter members, but the club now has an active membership of 83, making it one of the largest clubs in the district.

Song-leader for the song-fest was Lion Lorne Stevenson. Invocation was given by Father Scriven. Tail Twister Don Booker had an assistant for the evening, Junior Tail Twister Keith Peterson, and both performed their duties....

Following dinner and the Toast to the Queen, the introduction of Guests and visiting clubs was made by Toastmaster Lion Carman Fairman. Toast to the Ladies was given by Lion 2nd Vice-President Lion Lorne Stevenson, with the reply to the Toast given by Mrs. Shirley Tolcher. The Mayors Address, given by Lion Arden Meier is to be found elsewhere in this paper. Following the Mayor's Address Zoon Chair- man Lion Dunc Larbalastier introduced District Governor, well-known and well-liked Lion Paul Guenette, of South Edmonton Club, which was the sponsoring club for the Drayton Valley Club when they were first organized.

Lion Paul spoke briefly for his vast fund of knowledge of Lionsism. He stated that Lions are men who seldom forget to live up to the responsibilities of service which have been entrusted to them. He spoke glowingly of the gala occasion that had brought the Lions and their Ladies together on that Charter night which marked another anniversary in community service. In closing he said that while the past must

take care of itself, the future is ahead and we can make of it what we will.

Lion Historian Ron Carter then gave a resume of the brief history of the club and its impressive list of achievements in the few brief months since it was first organized and chartered. He grouped the listing into three categories.

1. Community Project, 2. Social Activities and 3. Fund Raising Activities. He mentioned that when the club was first organized, Lion organizer Phil Hastings came out here and found two former Lions, Jim Glenesk, then with National Supply in Drayton Valley and since transferred to Edmonton, and Don McKenzie, of Ken's Men's Wear. Lion Jim became the Charter president and Lion Don is present president. From this nucleus the club has grown until it has inducted over a hundred members since its organization, in Drayton Valley.

A very informative address was given by Rotary President Howard Pickup, on the subject: "The Future of Drayton Valley." Mr. Pickup used prepared graphs to illustrate the difference between the Pembina Field and other oil fields in Alberta, pointing out certain factors that would tend to produce a larger town to service and supply this field than has been the case

District Personalities

Photo by Curt's Studio

Mr. Curt Clauson

This week's personality deals with a man who was born in Europe, but is now a good citizen of Canada, and of Drayton Valley.

Curt Clauson was born in Aalborg, Denmark. His family moved to Holland and Curt and his older brother attended school in Holland, which is located at Leiden, Holland. After summer holidays Curt planned on enrolling in the University in the fall, and he, his father and his brother spent vacation time in England. Just before the opening of the fall term at the University, War broke out in Europe; September 3, 1939. His older brother and father immediately joined up with the British forces. His father joined the R.A.F. and his brother joined the Airborne Division, Paratroopers.

Curt tried to get into the R.A.F., but was turned down because he was too young. However, he was accepted the next spring, even though he was still underage. A few months later he went into the Paratroopers. He saw action in a number of theatres during the war, including the Pacific, North Africa, Sicily, France, Holland and Denmark. He was parachuted into Denmark to supply equipment to the underground forces in 1943. His last jump was made into Antwerp in September, 1944. In that great battle he was wounded, and both his father and his brother were killed in action at Antwerp, their deaths occurring one day apart, at the same place, in the battle of Antwerp.

Curt spent about five months in hospital, getting out just before the war ended. When the war ended, his division, the 8th Airborne Force Battalion was the first into the concentration camps south of Hamburg to release the prisoners. They released about 3,000 men and women.

After the war Curt was transferred to Military Intelligence, in Germany. During that time he acted as interpreter for the War Criminals Court in Hamburg, interpreting Danish, Dutch, German and English.

Demobilized from the force in November, 1945, Curt spent three months as Press Correspondent for the Daily Mirror, the Daily Express, and the Scandinavian Press, in Germany. During this time he was waiting for his immigration visa to Canada to be finalized. In March, 1946, he landed in Canada, at Montreal, and came on to Edmonton. He went to work for Imperial Oil Company in Devon, where he worked for four years. Three years of this time he was waiting for his immigration visa to Canada to be finalized. In March, 1946, he landed in Canada, at Montreal, and came on to Edmonton. He went to work for Imperial Oil Company in Devon, where he worked for four years. BURN LIFE OF CANADA

YOUR GAS SERVICE IS THE ENVY OF ALL CANADA

MOST DEPENDABLE SUPPLY IN CANADA

The gas company has skills and experience gained from many years' operation in Alberta's rigorous climate. A continuous flow of gas day in and day out is maintained to each of the tens of thousands of customers we serve. Regardless of temperature ALL THE GAS YOU REQUIRE is yours at the turn of a valve, or the touch of a thermostat!

If necessary our gas supplies can be supplemented in the future through contracts

already negotiated by the company with the major exporters. These contracts give our customers first call on the substantial reserves of the export companies.

Reserves for the future are assured through Provincial Government regulation of Alberta's gas resources. These regulations protect the Alberta consumer, permitting export only if the gas is surplus to our future needs.

A STANDARD OF SAFETY SECOND TO NONE

The highest standards of safety and dependability are rigidly enforced in the construction, operation and maintenance of all company facilities. Many testing and safety procedures are carried out on a regular scheduled basis, such as:

- The service line connecting each house to the gas main is checked at the curb box at least once a year. Public buildings and schools are checked more frequently.
- Valve installations and mains under pavement receive periodic inspection with electronic equipment.

- A vegetation survey, one of the newer methods of detecting gas leaks, is carried out annually by an independent firm as a further check on our own inspections.
- Important pipelines are patrolled on a scheduled basis.
- Pressure control stations are examined regularly.

To ensure that any leak may be detected immediately an odorant is added to the gas.

Gas house piping is installed and inspected according to rigid Municipal and Provincial codes. Only those gas appliances which have been approved by a recognized testing laboratory may be sold in Alberta.

A STANDARD OF SERVICE SECOND TO NONE

Service is our watchword. Customer servicemen, trained for their job—check and adjust gas appliances on request—help you with your heating problems—respond as quickly as possible if you feel there is something wrong with your gas service. The company provides service to its customers 24 hours a day—seven days a week.

To keep our servicemen up to date on latest methods, they attend regular training classes. However it is not good enough for our servicemen to be trained only in the mechanics of gas appliance service—they are required to be courteous, considerate representatives of the company. Every gas user on our system is a valued customer we want to keep as a friend.

STRICT ADHERENCE TO HIGH STANDARDS, AND A CONSTANT EFFORT TO PROVIDE THE FINEST POSSIBLE SERVICE . . . THESE MAKE NATURAL GAS SERVICE IN ALBERTA THE ENVY OF ALL CANADA.

NORTHWESTERN UTILITIES, LIMITED

"Serving Albertans with Natural Gas Since 1923"

MAYOR'S ADDRESS

Ed. Note: The following is the text of the welcome speech given by the Mayor of Drayton Valley, Adrien Meier, at the Lions Chaner Night Banquet, last Saturday night.

I would, first of all, like to welcome the visitors who are here tonight, on behalf of the citizens of Drayton Valley. Welcome and come back soon and often. Providing the fine recreational facilities that we enjoy in Drayton Valley, can be largely contributed to the efforts of the members of our various service clubs. Our Local Lions have played a major role in developing the facilities that are so important in a growing community such as ours. They deserve our thanks.

The fast increase in our population makes it increasingly necessary for every member of every service club to assist in the work that is required in order to have recreational outlets keep pace with the overall development of the town. I do not think I should take the time to provide details with regard to the many fine contributions that have been made by our service clubs to causes other than the field recreation. You may be sure, however, that the facilities

that were recently assisted financially by your club after they lost all their personal belongings in fires, will be a thing of gratitude.

Till now, I have spoken chiefly of accomplishments. Before closing I would like to express the hope that every member will find in his club with even greater enthusiasm than in the past. All local Lions are, no doubt, aware of the severe snowing pains that our town is afflicted with at the present time. I do not know of any pain that is more desirable. However, since progress and problems go hand in hand the town council is faced with many and varied problems. As the town grows and develops—our service clubs must also grow as their responsibilities become greater. Without progress and without ambition for greater achievements, a club does little more than exist and will ultimately die of inactivity and self-satisfaction. I would therefore like to ask you to reflect on the past accomplishments of your club if you with BUT think and act in such a manner that the future will always hold promise of being your organizations' finest hour.

Thank you.

From Scoop's Notebook

A couple of Drayton Valley girls took a run around the U.S.A. via Greyhound bus at the end of the year and report a good time was had by all, presumably by Greyhound Lines, Ltd., also. The two girls were Miss Jackie Woods, Drayton Valley telephone operator, and Miss Sheila Vandergift, former Drayton Valley telephone operator. The girls rode to Winnipeg with friends then on to North Dakota and from there they took the bus. They travelled east and took in many of the mid-western and eastern states, then south they went to the land of cotton; Kentucky, Tennessee, etc.

Down in Texas they travelled extensively, taking in most of the Lone Star State; northern and southern and in-between sections thereof. Then westward, through New Mexico, to Arizona they viewed the mighty Grand Canyon, and continued westward towards smog-bound Los Angeles. After viewing Southern California's palm trees, traffic, and movie moguls' mansions they went on up #101 Highway, up the beautiful Coast Route, through Central and Northern California and Oregon, to Portland, where old #99 Highway brought them north to Seattle, Washington, and then to Vancouver. From Vancouver to Edmonton they took their first train-ride of the trip and after being gone a month and a half, they arrived back in Drayton Valley broke but happy. What more could anyone ask for?

Overheard in a recent speech, (by a lady, of course), "Women do not achieve greatness like men because they do not have wives."

Also overheard in a recent speech: A visitor in Texas was being shown parts of the state by a Texan. While they drove along a large bird flew across the road. "What kind of a bird is that?" asked the visitor.

"Oh, that's a bird of Paradise." Said the visitor. "That is a long way from home," commented the visitor.

During the Dance number put on by the U.D. (Unidentified Dancers) at the Lions' 50th on Saturday night our spy informs us that the stage line was palpitating with eagerness to drive the dancers back to Edmonton. However the charming telephone operator made a hasty exit through the rear door at the conclusion of their number and were gone into the frosty night.

At the Lions Chaner Night Banquet someone remembered that Lion Ken Belling had just celebrated a birthday, (supposedly his 39th) and sang "Happy Birthday" to him, though slightly off-key. Ken's Lion Lady was heard to remark placidly, "They forget his child's birthday!"

Returned from Greece is Jimmie Kazoakes, of the White Bull. Contrary to expectations, Jimmie did not bring back a Grecian bride. Evidently Cupid, who served his apprenticeship in Greece, under the name of Dros, god of Love, many long years ago had no arrows left in his quiver.

Heading for the new town and new oilfield of Swan Hills are Fraser and Peggy Arndtman, and family.

Mrs. Mary Elster, of Regina, was a visitor in the Pickup home recently. Mrs. Elster is a cousin to Mrs. Pickup.

Mrs. Woods, M.L.A. for Stony Plain Constituency, was in town during the past week. Quite a number of folks stopped in to chat with her at the Drayton Valley Town Hall.

At the Lions Banquet last Saturday we had the pleasure of meeting Mrs. Barbara Franklin, whose husband is looking after Lobnitz Oil Company interests in the Lobnitz field north of Drayton Valley. We

mentioned that Lobnitz seemed to have brought into a good oil producing area. Said Barbara, "I don't know anything about that, all I know is that they pay regularly."

The former Klansman Club, a club that was formed in Drayton Valley in 1955, members of which have either all moved away, or joined other clubs in Drayton Valley, has called a meeting to decide what should be done with funds that were left over in the Club treasury after the club disbanded. The meeting will be held in the Lounge of the Curling Club, Friday, February 5th, at 9:00 p.m.

Harry Knight has resigned his position as field superintendent for Western Rigging in this area, and plans to move back to Edmonton right away. He has already sold his house in Drayton Valley to Mr. Jack Snodgrass of Dowell Inc. Mr. Snodgrass has just taken over as head of Dowell operations in this field. Bill Harrington, former headman for Dowell here, has gone to Swan Hills to take charge of the Dowell station there.

Winner of the Elbe Bingo Jackpot on last Wednesday, January 27th was Mrs. Gail Tipper. Mrs. Tipper won herself the tidy sum of \$94.60.

SAINT ANTHONY'S S.W.I.

On February 1st of 1960 the Ladies of Saint Anthony's S.W.I. met at the rectory with 22 members present. The evening began by a tour of the new High School with Mr. McMahon as guide. The new school is very modern, well planned and the pastel shades of coral, grey, beige and yellow are very well used in the colour scheme throughout the school. This building is something the High School children will be proud of, I am sure.

The meeting began at 9 o'clock with the League prayer. Roll call was taken and 22 members were present. The Director Reverend Father Scriven was in Edmonton due to the recent illness of his father.

The Ladies of the C.W.L. will cater to a Communion Breakfast for the Holy Names Society. The Breakfast is to be held February 14th, in the Scout Hall. Convenor is Mrs. Dion assisting will be Mrs. Bengtson, Mrs. Powers, Mrs. Trudel, Mrs. Winesham, and Mrs. Clermont.

Hospital visitors for February will be Mrs. Wollen, and Mrs. Metax for March Mrs. Peterson and Mrs. Winesham.

The meeting concluded at 10:30 and refreshments served by Mrs. Winesham, Mrs. Peterson, and Mrs. Nelson.

Rotary President's Address to Lions

I bring you greetings and best wishes to your Club from the Rotary Club in this year second anniversary. I am honored, as is our club to have been asked to participate in your Anniversary celebration, and doubly honored to be asked to speak to you a few words tonight. It is my hope, and the hope of our members, that your Club will continue its great growth and service in this area, in accordance with the principles of the Lion's Club, always with a watchful eye on the future, and with a proud eye on your past.

The growth of both clubs in service and the growth of the Town in which we both operate are two things that are tied together. In mature areas, where the factors for growth of the Town are minimal, many clubs find it difficult to find a real service requirement, that in some cases is so serious as to challenge their claim to justify their existence as a SERVICE club. In Drayton Valley the past growth has led to many glaring needs, particularly in the realm of recreation and cultural activities that it is difficult to decide on what service to try and undertake first. It is only reasonable to assume, then, that if this Town is to continue at the rate of growth that it has enjoyed in the past, that these conditions are going to present our service club with an even more pressing need for our contribution to our society here.

The question appears to be, then is Drayton Valley going to continue to grow? If so, at what rate? or can we assume that from here on in it will follow the direct pattern of previous old towns?

As an investor in this town's future I am continually trying in statistics and graphs of statistics with Drayton Valley's development in an effort to justify any further addition or curtailment of such investments. These statistics seem to fall into some dozen or more of what I will refer to as FACTORS FOR GROWTH, eleven of which I have listed, and only 3 of which I would ask your permission to elaborate on tonight.

First of all, it is noticed to be the tendency, and reasonably so, to compare our future development with Drayton, Leduc and Redwater. The problem in this comparison comes from the difficulty in assessing, or the failure to assess the GROWTH FACTORS apart from the actual drilling of wells. In this respect, all predictions have so far been completely erroneous, and in this most unpredictable of oil fields, Drayton Valley has become the most unpredictable of oil towns.

I have listed 11 GROWTH FACTORS, any one of which has a tendency to increase the trading potential of any community, and all of which are present in Drayton Valley. As we look at the three graphs I have prepared, if you will try and keep in the back of your minds that these FACTORS exist here, it will help to show

why our Town has not followed predicted population curves and will explain why I am so positive that it will continue to grow. These eleven factors contributing to the growth of Drayton Valley are as follows:

1. The distance from a metropolitan centre, i.e., Edmonton. Other major oil towns in Alberta are comparatively close to large metropolitan centres.
2. The population distribution tendency. As facilities are developed in Drayton Valley the outlying population will tend to move into town where living may be somewhat easier.
3. The unusual longevity of the productive life of this field. Geological estimates run from 40 years in parts of the field to 56 years in other parts to the year 2016 A.D.

4. The productive potential of this field. This runs into 38 million barrels annually now producing. Total production potential is 1,500,000,000 bbl.

5. Continued production problems in this field. A different type of formation in oil producing formation in this field requires servicing personnel in the field continuously and will require them to maintain servicing in Drayton Valley.

6. Increasing traffic via Highway 57, between Highways #2 and #16. This will grow increasingly larger as the road east of the bridge is finished and hard surfaced and the highway north from Drayton Valley is hard-surfaced. Plans by the Highway Department call for complete hard surfacing of 57 from Highway #2 to Highway #16 in the next two or three years.

7. The fact that there is only one major town supported by this large oilfield instead of two or three as elsewhere.

8. The increasing ease of communications with the surrounding trading area, as roads are brought to highway standards.

9. The enlarging trading area which is east of the Saskatchewan which the bridge and Highway #57 have brought within easy driving distance of Drayton Valley.

10. The low number of business per capita in Drayton Valley. In comparison to population Drayton Valley has less business houses per capita than other major towns. (Average in Alberta 32/3900 population, in Drayton Valley 28/2700 population). The tendency will be for the number of business places to increase.

11. The great potential for industry. Because of the comparative surplus of the town this is one factor that has not been so much developed yet. However, the industrial potential is here and will undoubtedly be utilized in the near future.

Now let us look at Leduc Wood-bone and Redwater fields. These two fields, with a shorter estimated life and less combined total production than Pembina supported the growth of three good sized towns, whereas our field, bigger than these two together is only supporting one permanent town. These factors alone would suggest growth predictions, and yet, all or more of these have entered the picture.

DEVON follows the drilling pattern from 5 to 1500 or so and cut back to 1400 1 year before drilling ceased, levelling off to about 90% of its peak population.

LEDCO follows the drilling pattern from 450-2500 or so and levelled abruptly when drilling came to a stop settling back to 90% of its peak.

REDWATER follows the drilling pattern in fits and starts from 50-1400 and cut back 1 year ahead of cessation of drilling, levelling off for 2 years and then dropping abruptly again as growth factor No. 1 hit it hard with improved travel conditions. In fact at least 10 of these factors work to

hardship on Redwater and its growth due to its proximity to Edmonton.

Why then does Drayton Valley not follow these graphs?

In 1957 our major frantic drilling ceased, and although it did not altogether cease, we must face the fact that drilling is estimated to continue on a small level for many years in some parts of this field, not considering possible new extensions such as Lobstick which may occur or may not.

And yet our growth picture carried on in 1959, and again in 1959, and again I am sure in 1960 at the same determined rate as in 1958 and 1957. This is shown by the dotted lines on each of the four graphs. In other words, if Redwater, Leduc, or Devon had behaved like Drayton Valley their growth would have followed the dotted lines.

It would seem that if we were to take the Leduc-Woodbone-Redwater fields, and crowd them into a 35 to 40 mile square, and give them from 40-56 years potential life and increase their estimated production figure and move this field 85 miles from a Metropolitan centre and put only one town in it and locate it strategically between two settled farming areas and give it continuous production problems requiring continual service personnel.

WE MIGHT MORE NEARLY BE ABLE TO SEE THE DRAYTON VALLEY PICTURE. Based on commission reports from the Borden Commission Pembina Planning Advisory Commission, and past oil field data, in 1957 the Government made a projection of Drayton Valley's future.

By 1960, we find that the graph is only correct as long as it goes up, the estimated growth and fall

is shown by the solid line. The actual growth is shown by the dotted line.

One more factor and I close: Population Distribution as a percentage of total population in the Pembina field is shown as estimated according to figures available in 1958, shown a steady tendency to live in town rather than in the field, running from 39% of the population living in Drayton Valley in 1954 to 63% living here by 1958. Factors and estimated growth of Drayton Valley since then have seemed to show that this is probably conservative. If I have done nothing else but to stir enough interest for you to make your own study of Drayton Valley's future I will have performed a service to our community.

But it does merit consideration by both our clubs, in the event that future growth does occur as I seem to read it, because:

NO LONGER CAN THE WORK BE LEFT TO A FEW IN YOUR CLUB OR IN OUR CLUB. IT WILL TAKE THE BEST EFFORTS OF ALL OF OUR MEMBERSHIP TO PROPERLY SERVE, and this does not only apply to club service, but to your responsibilities to your town and administration, as well as your church, your hospital, your library, in fact every position of responsibility in Drayton Valley.

The Chairman of the C.P.A. in 1957 made a statement to the municipal convention: "No man, or no woman, has the right to live in any community, deriving its benefits and comforts, without paying back into that community at least as much as he has received."

But it does merit consideration by both our clubs, in the event that future growth does occur as I seem to read it, because:

NO LONGER CAN THE WORK BE LEFT TO A FEW IN YOUR CLUB OR IN OUR CLUB. IT WILL TAKE THE BEST EFFORTS OF ALL OF OUR MEMBERSHIP TO PROPERLY SERVE, and this does not only apply to club service, but to your responsibilities to your town and administration, as well as your church, your hospital, your library, in fact every position of responsibility in Drayton Valley.

The Chairman of the C.P.A. in 1957 made a statement to the municipal convention: "No man, or no woman, has the right to live in any community, deriving its benefits and comforts, without paying back into that community at least as much as he has received."

SPORTSTALK

By: Gene Balay

During the next two weeks, this town will be treated to a couple of hockey games by the local ensembles into the provincial playoffs.

The midget entry plays the Edmonton Lightwood midgets sometime before February 13. The series will be a home-and-home total goals affair, with the winner advancing for further play. This column will carry the dates as soon as they are set.

The other contest will be on February 14 at 8:00 p.m. The local entry in the Intermediate "C" playoffs will meet the Edmonton Fire Dept. in the first of a home-and-home total goals series. The names of the players on the team were not available when this column was written, but this corner picks such stalwarts as Art Barker, Paul Poitier, Ken Machan, Orle Mandryk and Mary Jones for defence. The forward lines present more of a problem since only a very few standouts are obvious: Bob Elman, Dave MacLeod, Jim Wilson, and Ed Shultz. The coach will have a mighty tough job filling out the rest of the roster.

The game should be a mighty interesting one, and if you are looking for some fine, fast, hard-hitting hockey, be sure to show up at the hockey rink at 2:00 o'clock on the 14th.

Only one game was played in the league last week. Pan American alias "Supply" beat out Mobil 5-3.

The teams each scored two goals in the first period and 3 goals in the third. The hat-trick by "Zehr" Daa in the second period provided the margin for victory. Incidentally, Daa, an outstanding player is ineligible to play for Drayton Valley since he has already signed a player's card with another team. Fortunately they are not in the same division.

The standings still have "Supply" on top followed by Mobil and then P.P.L.

Last Saturday a group of bowlers from Drayton Valley journeyed to Rocky Mountain House for an inter-town competition. Drayton came out second best but had such a wonderful time, that plans are being made to have the "Rocky" bowlers here this Saturday. Anyone interested in participating, contact Rod Gervais for more details.

The Edmonton Journal recently carried a small article which I think bears re-printing: A bowler writes in to clarify a controversy in his or her league. It concerns sportsmanship in bowling and what place heckling has in the game. We didn't know it had a place, but here goes.

If a bowler doesn't know when he is being sportswomanlike or unsportswomanlike he should check his back with his hat and coat and leave his mouth shut. If the intention behind raising an oppo-

ent is to distract him from his game then it is most certainly unsportswomanlike.

The question is "should this form of distraction be exercised at all times or only before and after the bowler's turn?" If it is meant to distract a bowler from his game it should never be started, if it is good natured (it CAN be to the enjoyment of the game if well-taken) then lay off when the opponent steps on the approach.

The latest standings are:

Section A	Section B
Chickens 55	Blegs 48
Flaxman 45	Ricks 44
Gollid 43	Pembina 42
Halliburton 41	Home Oil 40

R. Conclusions (MS-175 B.C.) add:
"SUCCESS DEPENDS ON PREVIOUS PREPARATION"

To some, success means much money or outstanding accomplishment. To others achieving contentment is sufficient.
One thing is certain. It is difficult to enjoy any success without a healthy body. Just as you study to prepare your mind for success, you can also prepare your body. The first step is to visit your physician for a health check-up. Then, plan the future health of your body in his care. Follow his suggestions for diet or weight control. Take the sustaining or corrective medicine he may prescribe. You can prepare now for future better health.

The Law Of Tithing

KEN CHAMPT
The Revolut

"YOU MUST TITHE"

From periodicals and pulpits across the land, this exhortation is reaching into the convictions and pockets of thousands of Christians. The greater tide of tithing in all history is being set under way. Yet there is often little apparent Bible basis for much that is said concerning this paying of one-tenth of your income to God.

This article is written to provide a biblical impetus to many who are not tithing.

(1) All Things Belong to God. The earth is the Lord's and the fulness thereof (Psalm 24:1). For every beast of the forest is mine, and the cattle on a thousand hills. (Psalm 50:10) The silver is mine, and the gold is mine (Haggai 2:8).

This being so, in all things and offerings we only return to God what is already His.

(2) Tithing was established before the law. Centuries before Moses, Abraham and Jacob recognized and practiced tithing. See Genesis 14:20 and 28:26. Abraham gave a tithe to Melchizedek and, in doing so, presented a picture of giving a tenth to Christ. (Hebrews 7:1-4)

It is evident that no law except the law of Love and gratitude contrived these tithes to tithes. Yet this law was so strong it caused Jacob to make a solemn vow to God: "Of all that thou shalt give me I will surely give the tenth unto thee."

(3) Tithing in Israel—Under the Law. It was compulsory—All the tithes of the land is the Lord's, it is holy unto the Lord (Lev. 27:30).

(4) The Levites, the servants of the temple, were supported by tithes (Num. 18:21).

(5) The early Israelites gave liberally: The children of Israel brought in abundance the first-fruits... and the tithes of all things brought they in abundantly (1 Chron. 31:5).

(6) Freewill Offerings were Additional to the Tithes. The freewill offering... every man shall give as he is able, according to the blessing of the Lord thy God, which he hath given thee (Deut. 16:17, 17).

(7) Tithes and Offerings withheld being sorrow.

Lloyds' Jewelry

HEAVIEST BABY CONTEST.

Mrs. Thiel may drop into Lloyds to pick up her baby spoon.

ing to receive. These two laws of tithing are in fact now as they have ever been, and they are established for the Christian in the New Testament.

Christians should cheerfully give their offerings, and "pay their tithes (Matthew 23:23). (A) To support those who preach the gospel (1 Cor. 9:13-14) Gal. 3:17 Tim. 5:17. (B) Week by week as God prospers them (1 Cor. 16:2). (C) Bountyfully and cheerfully (II Cor. 9:1-7).

Finally, here are some pithy quotes:—

Solomon said: There is that scattereth and yet increaseth; and there is that withholdeth more than is meet, but it tendeth to poverty (Prov. 11:24).

Paul said: He which soweth sparingly; and he which soweth bountifully shall also reap bountifully (II Cor. 9:6).

The Lord Jesus Christ said: Give, and it shall be given unto you; good measure, pressed down, and shaken together, and running over, shall men give into your bosom. For with the same measure that ye mete withal, it shall be measured to you again (Luke 6:38).

For ye know the grace of our Lord Jesus Christ that, though he was rich, yet for your sakes he became poor, that ye through His poverty might be rich.

(7) The Law of Tithing Stands Today.

All of the above Scriptures indicate that, while tithing was a law in the days of the Old Testament, it was built on far more than the written commandments of Moses. Those statutes of Sinai were acknowledged and incorporated a principle that was already long established. The law of tithing is based on the law of Love and gratitude to God and recognition that, while the whole belongs to the Lord, in a special way He has reserved the tenth as being "holy".

There is also a second law in tithing, which is the law of giving.

cess and that everyone went home with smiles on their faces and sores on their feet. Wally Mohr has announced that the next Dance will be held on February 13th and that the Club hopes to have an orchestra there again. Best of luck, Wally, you have some competition for that week-end.

On the 13th and 14th the High School Curling Club will be holding a "Spil" that is open to all High School kids from in and around Drayton Valley. Lloyd's Jewelry Store has donated a trophy for the first event and Meier Insurance will give a trophy for the second event. So far, entries for the two day event have been very good and an exceptionally good turn out is expected.

Next week, adios amigos.

Anglican Church Annual Meeting

The Annual meeting of the Drayton Valley All Saints Anglican Church was held in the rectory hall on Thursday, January 28th with a good representation of members on hand. A potluck supper was enjoyed by all those present.

Reports were given by the Rector, the Rev. A. Swinton; by W. A. president Mrs. Lewis Williams; by Church Treasurer Jack Tyler and by Sunday School Superintendent A. Playford. Four members were added to the Vestry, they were: Mr. Bill McClelland, Mrs. May Urchylgyn, Mr. Dan Bill and Mr. John Papp. Members continued in the vestry from last year; they are George Lackey, Lewis Williams, Mrs. Williams, Mrs. Jack Stirling, Malcolm Cambridge, Lester Miller, Art Playford, Mrs. Davies, and Jack Bright.

For the coming year, Mrs. Lewis Williams will continue to act as Peoples' Warden. Rector's Warden for the coming year is Mr. Malcolm Cambridge. Following the resignation of Mr. Jack Tyler as Treasurer, Mr. John Papp was nominated Treasurer for the coming year.

Sometimes in the late spring or early summer there will be a change in Rector in this parish. Several weeks ago the Rev. Swinton resigned and is now under appointment to go to Lac La Biche, in the Athabasca Diocese. The change will not be effected for two or three months, however, at which time a new rector will be appointed to take charge of the Drayton Valley Parish.

TOASTMISTRESS CLUB
A group of ladies met in the Community Library on Wednesday, January 27th, to discuss the organization of a Toastmistress Club for Drayton Valley and District. A further organizational meeting will be held at the home of Mrs. Danita Bloor, 4612-53rd Avenue on Tuesday, January 28th at 8:00 p.m.

Ibbotson-Holmes Wedding

St. Anthony's Roman Catholic Church in Drayton Valley was the scene of a lovely wedding at the end of the year last past when Mr. Gavin Ibbotson and Miss Elizabeth Holmes were united in wedlock, with the Reverend Father Scriver performing the nuptial ceremony. Marion of Ibbotson was Mrs. Lester McMillan, with Mr. McMillan serving the groom as best man. The bride was clad in three-quarter length white embroidered satin gown, with white hat and pearls. She carried white and red roses. The matron of honor was dressed in blue embroidered satin gown, with beige accessories. Before her marriage Mrs. Ibbotson taught in the Drayton Valley School.

CHAMBER OF COMMERCE MEETS

At 8:00 p.m. Friday, February 5th a Chamber of Commerce meeting will be held in the Royal Bank building. Purpose of the meeting will be to finalize discussion on the proposed early closing by law. There will also be discussion on the possibility of a Federal building for Drayton Valley. With 1960 fees now due members are reminded to bring their cheque books.

The annual hit a roster while driving along a country road. Anxious to do the right thing, he located the farmer who owned it and said, "I'm running over your rooster and I just want to replace him." "Fine," the farmer replied, "let's hear you crow!"

Ladies who are interested are cordially invited. Membership is limited, so prospective members should submit their names as soon as possible. For further particulars phone Jean Gray, Drayton Valley 260.

LIENS CHARTER NIGHT BANQUET (cont. from page 1)

In any other Alberta field or combination of fields. He pointed to the fact that Drayton Valley has potential trading area of about a forty mile radius. A more detailed account of Mr. Pickup's address will be found elsewhere, in this paper.

Following Mr. Pickup's speech the District Governor made presentations of key awards to several Lions who had brought in two members during the past year.

When the ceremonies were all over the tables were cleared away and the floor was prepared for dancing, music for which was adequately supplied by the Lenora Orchestra from Evansburg. During intermission an hilarious dance number was put on by two U.D. (Unidentified Dancers) The evening's entertainment was concluded at midnight, with everyone agreeing that it had been one of the most enjoyable social event that had ever been put on in Drayton Valley.

DISTRICT PERSONALITIES (cont. from page 1)

and served as Fire Chief for three years. He has been a member of an orchestra in Drayton Valley. He is a member of the Lions Club, a member of the International Fire Chief's Association, a member of the Canadian Legion and a member of the Civil Defence Unit. He recently joined the newly organized skidners Club in Drayton Valley. When he started the Photo Studio he resigned from the local fire department but still attends most fires with his camera.

At the time of the outbreak of the war Cur's mother had been living in their home at Hague, Holland. Their home was just a mile from the launching site for the first missiles, the V-1 "buzz-bombs" which harassed Britain. One of the missiles backfired in launching and destroyed the Clarson home. After the war Cur's mother moved back to live with her husband's folks in Denmark. She recently celebrated fifty years as a concert pianist and coloratura singer.

THE Editor's Viewpoint

Perhaps Drayton Valley Town Council should re-examine the By-law dealing with transient traders and peddlers within the town limits. At present the Town charges the sum of only \$25.00 per year for a transient trader to carry on any kind of business within the town, even though he maintains his place of business in another town or city (most of them are established in Edmonton).

In the long-run transient traders contribute little to the growth or community life of any town where they are operating and it seems logical that they should (cont. same page, col. 5)

ROTARY DISTRICT GOVERNOR

Gilbert C. Paterson

Drayton Valley's first-organized club, the Rotary Club, had their annual dinner in honor of the visit of the District Governor on Wednesday, January 27th, in the Cardium Room with a good number of Rotarians, with their ladies and guests, present for the occasion. Seated at the head table were District Governor Paterson, and Mrs. Paterson, Drayton Valley Rotary Club president Howard Pickup and Mrs. Pickup; Past President Harry Zolmer and Mrs. Zolmer, and Club Padre, Reverend Albin Wright and Mrs. Wright. Following the excellent meal Rotary-Arm, Mrs. Ebel Zolmer, made a presentation of a floral bouquet to Mrs. Paterson and Rotarian Sid Mitchell made a presentation of a desk clock to the District Governor.

Drayton Valley Lions Club president Don McKenzie, who was a guest at the dinner, with his wife, Marion, gave a few words of greeting from the Lions Club. He stated that both the Rotary Club and the Lions Club formed a unity of community service. President Pickup introduced the guest speaker for the evening, Mr. Gilbert C. Paterson, District Governor of Rotary District No. 536, for 1959-1960. Mr. Paterson is a member of a large law firm in Lethbridge. He has been active in Rotary for many years, joining the club in Lethbridge in 1937. During the First World War he was a member of the R.C.A.F. After the war he graduated from the University of Alberta in 1923 and has practiced law in Lethbridge since being admitted to

the bar. He has held numerous offices in Rotary, having been president for one term and director for several years. He has held many civic offices in Lethbridge including membership on the school board for a number of years, vice-president of Alberta School Trustees Association, etc. He served for two years in the Alberta Senate, and has held offices in Boy Scout Association, Alberta Motor Association and many others.

Mr. Paterson made mention in his speech of the International Park, at Watrous Park, Alberta, and Glacier Park, Montana, which the combined Rotary Clubs of Montana and Alberta succeeded in getting made into an international park, known as Peace Park, an achievement which is unique in the world.

District Governor Paterson's speech to the assembled Rotarians listed four phases of the famous motto of the slogan of International Rotary: "Service Above Self". First, Mr. Paterson stressed, was Quality of Service. Service which is rendered with a feeling of pleasure to the one who performs the service. Next, he stated, was Opportunities for Service in demonstrating this point he used the illustration of the famous "Glow Worm" Cave in New Zealand. He stated that the guide taking a party underground to the cave would insist that the eight-seater turn out all lights and remain quiet. Since the glow

worms would light up by the hundreds, then by the thousands and then by the billions until the entire Subterranean vault would be lighted. Fourth phase, said Mr. Paterson, is Responsibilities in Service.

Following the conclusion of the address the District Governor met with the Rotary members for a brief session.

COUNCIL MEETING

Council meeting held on the January 12, 1960.

Present: Mayor Adnan Meier, Deputy Mayor D. G. McKenzie and Councillors K. Wahl, H. Zolmer and Chas Twissell.

The minutes of the previous meetings were read and passed for adoption.

Mr. D. Thierman of Haddin, Davis and Brown, Professional Engineer, and Mr. Hamilton a Town Planner were in attendance at the meeting to outline a plan of sub-division development in the south and west section of the town. A full discussion of the Pros and cons of such a development was held and then the plan was tabled for further study.

At the same interview some discussion was held with regard to the government five year paving program and how it would affect Drayton Valley. Mr. Thierman and Mr. Hamilton were asked their opinions and suggestions regarding the need for storm sewers and the probable costs of same. It was finally suggested that the Engineers in company with Council representatives have an interview with the Highway Department authorities in order to arrive at the best method of construction of the road for hard surfacing and also to decide who will engineer the project and construct the road.

Some discussion was held regarding the furnishing of the new Town Hall offices and Council chambers. Read a first time this 24th. day of November 1958. Read a second time this 24th day of November 1958. Read a third time and finally passed this 24th. day of November 1958.

By-law No. T-44 is hereby repealed. Read a first time this 24th. day of November 1958. Read a second time this 24th day of November 1958. Read a third time and finally passed this 24th. day of November 1958.

Council adjourned at three o'clock in the afternoon.

EDITOR'S VIEWPOINT (cont. col. 1)

be made to pay accordingly. Ponoka, a town about the same size as Drayton Valley, approaches the problem with a more realistic attitude as the following By-law of the Town of Ponoka attests:

BY-LAW NO. T-78.

A BY-LAW OF THE TOWN OF PONOKA IN THE PROVINCE OF ALBERTA TO PROVIDE FOR THE TAKATION OF TRANSIENT TRADERS.

THE MUNICIPAL COUNCIL OF THE TOWN OF PONOKA IN THE PROVINCE OF ALBERTA IN COUNCIL DOUBLY ASSEMBLED ENACTS AS FOLLOWS PURSUANT TO THE PROVISIONS OF SECTION 368 OF THE TOWN AND VILLAGE ACT.

1. Any person being a transient trader within the meaning of The Town and Village Act shall before commencing or carrying on business in the Town of Ponoka pay to the Secretary-Treasurer of the said town a tax as follows:

for each day in which a transient trader carries on business in the town.....\$10.00 payable in advance.

for each week in which a transient trader carries on business in the town.....\$25.00 payable in advance.

2. Any person being a transient trader who carries on or commences business without paying the tax herein provided for shall be guilty of an offence in respect of each day during which he carries on business and shall be liable on summary conviction to a penalty of not more than \$50.00 and costs, and in default of payment to imprisonment of not more than thirty days for each and every day in respect of which an offence has been committed.

3. By-law No. T-44 is hereby repealed.

Read a first time this 24th. day of November 1958. Read a second time this 24th day of November 1958. Read a third time and finally passed this 24th. day of November 1958.

During the course of a discussion of the Red Cross it was stated that since December 1st, a number of calls have been made on the Red Cross for help with fire victims and other needy cases. It was suggested that all possible assistance be given when the Blood Donor Clinic is put on here in March.

A notice of motion was passed to re-open the matter of a proposed half-day closing in Drayton Valley at the next Chamber of Commerce meeting which will be held on Friday March 4th. A motion was also presented to advertise the matter of the closing of all stores in Drayton Valley on Monday evening at six o'clock, instead of the present 9:00 o'clock evening closing.

A nominating committee to bring in a suggested slate of officers for the coming year was set up. The committee is T. Smith, J. Bamber and A. Playford.

MISS McDONALD CROWNED CARNIVAL QUEEN

CHAMBER OF COMMERCE MEETS

Drayton Valley Chamber of Commerce met on Friday, February 5th, in the Royal Bank Building, with a fair turnout of members.

After the reading and approval of the minutes of the previous meeting a discussion was held on the possibility of getting both a Federal and a Provincial Building. Regarding the possibility of a Federal Building a letter was recently written to the Mayor by Dr. Hugh Horner, M.P., suggesting that the Chamber of Commerce supply the Postmaster General with statistics and data showing the permanent growth and possibilities of Drayton Valley.

Mention was made of recent fires here which have claimed lives of small children and a committee was set up to put on a program to educate residents on fire hazards. It is expected that films will be obtained from the University of Alberta Extension Department and shown some place in Drayton Valley. Some Oil companies have already shown some of the films as part of their Safety program and it was felt they would be both interesting and enlightening to the general public. The committee set up comprised of Mr. Elmo Holder, Mr. R. Hebbard and Chief A. Miles.

The Fifth Annual Ice Carnival for Drayton Valley was as great a success as the previous Carnivals have been or perhaps even more successful. A lot of work went into the planning and staging of the Ice Carnival. This year the carnival was sponsored by the Boy Scout Association alone. Previous carnivals have had been put on jointly by the Boy Scout Association and the Rotary Club. A "first" was added this year with two complete programs, one an afternoon matinee and the other a regular evening performance.

So many worked so hard on the whole affair it would be difficult to name them all, but a few especially worthy of mention are Bill Couch and Andy Andersen, both of Pembina Pipe Line, who did a great job of arranging the program, advertising it and looking after the thousand and one details which made the show the great success it was. Also working hard at it were the Campaign managers for the Queen. Candidates, Butch Heyland and Rupert Ibbotson for Beverly Endicott.

The program consisted of a solo by Sonja Burger, a duet by Brenda and Marlene Ibbotson, a Parade of Cubs and Scouts, a solo by Hissail Huttel, a duet by Sally Carnegie and Sonja Burger and a Parade by Guides and Brownies, followed by a solo by Marlene Ibbotson. A Costume Parade followed with a number of local boys and girls dressed up in costume. Winners in the younger group were Paul Ibbotson, dressed as Mickey Mouse

and his brother Gavin Ibbotson, dressed as a horse. Little Paul, only three years old, got a tremendous ovation from the crowd. In the older children's class Bonnie Baxter won first prize as a Devil and Freddie Elliot received second prize for her costume as a Valentine Queen. This number was followed by a solo by Sally Carnegie. Next on the programme was a comic act, and after that a duet by Marlene Ibbotson and Sally Carnegie.

The Parade of the Wooden Soldiers followed, featuring Edmonton skaters, Vickie Reuter, Micki Gregg, Vonne Cunningham, Beverly Phoenix, Nona Reuter and Sandy St. Lawrence. This number was followed by a solo by Terry Reuter and a four-piece by Micki Gregg, Archie Zatzki, Judy Topp and Trevor Midgley. Next on the program was a solo by Bonnie Phoenix, and a Dance Group; Lynn Patten and Gail Patten then performed as a Pair and a Pair act comprised Peggy Welch, Paula Gregg Carol Clute, and Barbara Malen-

Miss Verna McDonald is 1960 Ice Carnival Queen. On her immediate left is Miss Sharon Woods, last year's Queen. On Miss Woods left is Miss Pat Fry, 1960 Queen Candidate, and on Miss McDonald's right is Miss Beverly Endicott, 1960 Queen Candidate.

chuk, George Gerard, of the Edmonton Figure Skating Club put on a comic act, followed by a solo by Sandy St. Lawrence and a Pair, with Vonne Cunningham and Beverly Phoenix. Jeanne Welch then put on a solo act. Six skaters did a skating act dressed as Chinese Dolls. Peggy Welch, dressed as an Eskimo, performed a solo again, followed by professional Gordon Linney.

Closing number on the program were eight skaters dressed as Sellers, they were Bonnie Phoenix, Terry Reuter, Lovaine Allison, Darlene Adams, Barbara Phoenix, Jeanne Welch, Lavonne Gubrand and Barbara Rempel.

Between the afternoon and evening performances the Scout and Guides Mothers Auxiliary prepared a fine supper for the performers and the groups from Edmonton at the Scout Hall. Seated at the head table were Mr. Gerard, Mr. and Mrs. L. Reuter, Mr. and Mrs. Ed Cunningham, president of the Edmonton Figure Skating Club. (Cont. page 12, col. 1)
